1963 Lark 4 dr Sedan with 78100 original miles. Only three owners since new in March of 1963 and only winter driven by the original owner parked in garage all the time when second had it and third owner has it . Has Regal trim but is the Standard model. Power train completely rebuilt at 51000 miles using NOS parts where needed for it's 170 CID six and Automatic transmission with 3:73 Differential. Brakes and tires done at 73000 miles. Ermine white exterior with light blue interior new carpet. Needs minor work such as carb needs rebuilding again only lasted 27000 miles on last rebuild. I have a rebuilt kit for it. Could use some wind lace back side of driver's entrance. Was appraised in 2018 at \$6850.00 probably worth more now but I'm only asking \$5500.00 that's \$1350.00 below value then Has not been on the road for the past two years while virus kicking rearing it's ugly face but started and let run every month in the summer months. Last started and ran November 22/21. I have pictures for the serious interested parties.
